- **Live Link** - https://prajwallalpotu.github.io/Ecommerce_Website/index.html

HACKATHONS

START-UP SURGE and Entrepreneurship Challenge Competition - 2024

My team and I presented our innovative startup idea to connect volunteers and organizations. Our project, designed to streamline organisations' process to find volunteers, secured victory in both competitions. We had the honour of securing an investment from Shridhan Rokade, Founder & CEO of Expert Cloud Consulting Pvt. Ltd.

SIH(Smart India Hackathon) - 2023

Participated as a team member and created an incentivized platform.

Solution Proposed: The platform includes a blog section where lawyers can share insights, enables users to download or fill documents, and facilitates video calls between clients and lawyers. A key innovation is the provision of a secure vault for document storage, catering to the needs of both clients and legal professionals.

Reckon 5.0 - 2024 (Devfolio)

Presented the Social Connect project, achieving recognition and advancing to the second round.

CERTIFICATIONS

- Basics of React.js - Coursera (2023)
- JavaScript Fundamentals - LearnX (2023)
- C & C++ Programming - IIT Bombay (2022)
